### Summer Schedule of Coast Resort Trains Ordered Discontinued.

Commencing with Sunday, September 3, the weekly Gulf coast resort trains Nos. 5 and 6, to Panama Springs and Lanark, operated between Bainbridge and Carrabelle on Sundays, have been discontinued for the season.

The generous patronage which the Gulf coast resorts have had this year has decided the company to keep the hotel open at Lanark all the winter.

Our reduced rate tickets for sale on Saturdays, with final limit until the following Monday:

Daily, limited fifteen days;  
Daily, limited thirty days;  
will continue in effect until further notice from our General Passenger Agent.

The patronage for our Gulf coast resorts during the summer season just closing has been so encouraging that next summer our regular week end (Sunday) service will be greatly improved. The company having already placed orders for the building of new passenger equipment and locomotives, two new locomotives are expected daily, having already been erected and shipped by the Baldwin Locomotive Works.

It will be the policy of the company to improve these Gulf coast resorts and make them equal to any, and give our people a service which will make it convenient, easy and cheap to take these outings.

The country along the entire line of the road has developed remarkably, and we propose to maintain good transportation service for both freight and passengers, thereby giving encouragement to those who live in sections of the country not so favored to locate along the line of these roads. There are thousands and thousands of people who, if they knew the resources and opportunities of this section, would come among us, and by co-operating with the press and people we expect to lend every encouragement consistent with good business principles.

W. M. LEGG,  
General Manager.

### The Colonel's Waterloo.

Colonel John M. Fuller, of Honey Grove, Texas, nearly met his Waterloo from liver and kidney trouble. In a recent letter he says: "I was nearly dead of these complaints, and, although I tried my family doctor, he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God, who gave you the knowledge to make them." Sold, and guaranteed by all druggists.

The Tallahassee True Democrat is telling some strange occurrences about State printing contracts and other matters at the State capital, which makes very interesting reading for voters and tax-payers.—Jacksonville Metropolis.

We have scarcely begun to tell all that there is to tell, nor have we yet told the strangest of the occurrences relating to the printing contract and "other matters."—True Democrat.

Don't keep us in suspense too long, Brother Collins. Let the old cat out of the wallet.—Tavares Herald.

Be patient, friends; there is so much to tell.

### Abscess.

Abscesses, with few exceptions, are indicative of constipation or debility. W. H. Harrison, Cleveland, Miss., writes Aug. 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J. F. Lord's drug store (who is now in Denver, Colo.) He recommended a bottle of Snow Liniment; I got a 50c size, and it cured my leg. It is the best liniment in the world." All druggists.

Nothing could be more true, more apt or more timely than the following, from the Madison Recorder:

The worst element in the politics of the State is the political half-breed, the fellow whose only interest in elections is to fill his own pockets, no matter which side or faction wins. He is for all the candidates, but his principal worry is to pick the winner. And the winner picked, he freezes to him like death, and the real friends of the winner must stand aside. Without principles or conscience, the political hybrid is the State's worst enemy. It is a great pity for a good man to be deceived by grafters.

Some of our State exchanges are unique in expressing their views anent the Booker-Washington incident. Here are a couple of samples:

Many papers over the country are raising a howl because Booker Washington accompanied John Wannamaker's daughter out to dinner at Saratoga the other day. Why kick? If John prefers a "nigger" to accompany his "gal" to dinner in preference to a decent white man, all right and good. It's just a matter of taste.—Crystal River News.

Booker Washington says it's all a lie about his escorting John Wannamaker's daughter to the table—he just ate with the whole family. If the nasty Yankee trash want to eat with niggers, why, let them eat and sleep too, for what we care.—Williston Advocate.

### Fertilizers.

Now is the time to order your fertilizer for everything you wish to grow in the fall. Give your orders to  
R. A. SHINE, Agent.

### WAS A VERY SICK BOY

But Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"When my boy was two years old he had a very severe attack of bowel complaint, but by the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy we brought him out all right," says Maggie Hickox, of Midland, Mich. This remedy can be depended upon in the most severe cases. Even cholera infantum is cured by it. Follow the plain printed directions and a cure is certain. For sale by all druggists.

### For Us All.

"What care I for caste or creed?  
It is the deed, it is the deed;  
What for class or what for clan?  
It is the man, it is the man;  
Heirs of love, and joy, and woe,  
Who is high and who is low?  
Mountain, valley, sky and sea  
Are all for humanity."  
"What care I for robe or stole?  
It is the soul, it is the soul;  
What for crown, or what for crest?  
It is the heart within the breast;  
It is the faith, it is the hope,  
It is the struggle up the slope,  
It is the brain and eye to see,  
One God and one humanity."  
—Robert Loveman.

### Startling Mortality.

Statistics show startling mortality, from appendicitis and peritonitis. To prevent and cure these awful diseases, there is just one reliable remedy, Dr. King's New Life Pills. M. Flannery, of 14 Custom House Place, Chicago, says: "They have no equal for constipation and biliousness." 25c at all druggists.

### Telephone Expansion.

Superintendent Hays, with a large force of expert workmen, has been engaged, this week, in installing a new lead pipe "cable" on Adams street, the necessity for which has been apparent for some time. The patronage of the exchange is growing daily, and the service has improved, as nearly every patron will cheerfully testify.

The company has advertised (in The True Democrat) the proposed application for changes in its charter, which will not only permit the increase of its capital stock to \$30,000, but will authorize the extension of its lines throughout the counties of Jefferson, Franklin, Wakulla, Gadsden, Jackson, Madison and Taylor.

This is strictly a Tallahassee concern, all of the stock, thus far, being owned in this city, and its successful inauguration and management is one of the chief evidences of the growth and enterprise of the Capital City.

### Neglected Colds.

Every part of the mucous membrane, the nose, throat, ears, head and lungs, etc., are subjected to disease and blight from neglected colds. Ballard's Horehound Syrup is a pleasant and effective remedy.

W. Akendrick, Valley Mills, Tex., writes: "I have used Ballard's Horehound Syrup for coughs and throat troubles; it is a pleasant and most effective remedy." For sale by all druggists.

### NOTICE OF the Adoption of a Uniform System of High School Books for Leon County, Florida.

Tallahassee, Fla., Aug. 23, 1905.  
Notice is hereby given to all whom it may concern that a uniform system of high school books for Leon County, Florida, to be used for the ensuing five years will be adopted by the County Board of Public Instruction, in consultation with the County Superintendent of Public Instruction and a committee of three of the leading teachers of the county.

The books will be selected by a competitive examination purely on their merits, but, other features being equal, the Board will, of course, pay due regard to the most favorable offers in the way of exchange and introductory prices.

The Buckman bill having recently abolished the Florida State College at Tallahassee, it is the intention of the school county to do all in their power to remedy this loss to the youth of our county by making our high schools among the very best in the State in every respect.

We intend to add a commercial department to the Leon High School, in order to give the students the advantages of a practical business course.

We realize that some of our neighboring counties who, like ourselves, have relied chiefly on the Florida State College for their high school facilities are not as well able as ourselves to meet this emergency, and we will be pleased to have their advanced pupils attend our high school if they can make mutually satisfactory arrangements with us.

All publishers desiring to compete will be required, as soon as possible, to file in the office library of the County Superintendent of Public Instruction copies of such books as they may desire to tender for our consideration, in order that all may be properly examined by the Superintendent and committee of teachers before this meeting of the Board.

GEO. I. DAVIS, Chairman.  
E. B. EPPER, Superintendent and Secretary.
